

Rendezvous: Where Women Love to Meet Joy Ride: Philippians

by Laura Ross Greiner and Sharon Y. Kohring

Invite women to embrace a new-found attitude of gratitude. This 10-week study is their ticket to experiencing joy inside out, back & forth...and multiplied! Along the way, women will hear touching, personal stories they'll identify with, and discover how to have an eternity of joy in Christ—and rejoice! Every woman will want a Personal Guidebook as they discuss questions and jot down their experiences.

- **10-week Bible study on the book of Philippians and on finding joy in Christ**
- **Great for large groups**—but small groups will enjoy *Rendezvous*, too!
- **No speaking experience required.** Simple scripts make leading easy.
- **Fun!** Creative activities and experiences help women discover Scripture from a new perspective.
- **Includes a CD-ROM** with full-color Power Point slides for every session.
- **Deeper connections.** Women form wonderful new friendships with each other—and look forward to meeting.

The Personal Guidebook

Each woman in your study will want a Personal Guidebook. Women will use this journal during each session for reflection questions and activities. It also includes reflections, activities, and devotions for them to read during the week to deepen their relationship with God.
