

announcing a

new tool for
women's ministries

real women. real stories. real hope.

here's what women are
saying about Refresh...

We are excited to announce the release of *Refresh*-an innovative new tool for women's ministry! Just released July 2007, this study is perfect for large or small women's groups. In a flexible and fun magazine format, *Refresh* is an excellent way to engage women of all ages & experiences.

We love to help women uncover and connect with the story God is writing in their lives. Through sharing and exploring real-life stories which are both messy and redemptive *Refresh* encourages women into authenticity and embracing a new and vibrant depth with God and others as they journey forward in their own story.

Some additional features of *Refresh* include:

- interactive devotional tools to explore each story and theme in more depth
- experiential spiritual formation exercises to help readers connect more deeply with God's truth & apply it to their lives

"Refresh is a perfect balance of real life stories, scripture, and thoughtful, deep-reaching exercises."

"I was surprised how *Refresh* drew me in!

"I love the interactive format and that I can share pieces of my journey with other women seeking change in their life, too."
